

## Mapping Edexcel BTEC Higher National Certificate (HNC) and BTEC Higher National Diploma (HND) to International Qualifications

### Summary of Edexcel Qualification Structure

The UK Qualifications and Credit Framework (QCF) replaced the National Qualifications Framework (NQF) for England, Wales and Northern Ireland in September 2010. This has led to the existence of two versions of many Edexcel qualifications, one for the NQF, and one for the QCF. From September 2011 all NQF qualifications will be replaced by their QCF equivalents. Under the QCF, the diploma length Edexcel BTEC HNC is 60 ECTS credits, and requires 120 UK QCF credits (720 guided learning hours), whilst the diploma length Edexcel BTEC HND is 120 ECTS credits and requires a 240 UK QCF credits (1440 guided learning hours). Both qualifications can also be studied as shorter length certificate or award qualifications. The NQF version of the Edexcel BTEC HNC is 60 ECTS credits and requires a minimum of 10 units (600 hours one year minimum full-time) whilst the Edexcel BTEC HND is 120 ECTS credits and requires a minimum of 16 units (960 hours two years minimum full-time). All HNDs, standard and customised, are Level 5 under the Qualifications and Credit Framework (QCF).

Pearson Education Ltd (the provider of Edexcel BTEC HNC and HND qualifications) is a recognised awarding body in the UK and as such is subject to regulation by Ofqual which undertakes regular audits of its activities. Details of the regulations governing awarding bodies can be found here <http://register.ofqual.gov.uk/>. The Edexcel BTEC HNC and HND quality assurance procedures are applied equally worldwide. More information relating to Edexcel qualifications can be found at [www.edexcel.com](http://www.edexcel.com). Qualifications are offered in the following sectors:

- Applied Science
- Art and Design
- Business and Services
- Children and Young People
- Construction and the Built Environment
- Engineering
- Hair and Beauty
- Health and Social Care
- Hospitality, Travel and Tourism
- IT
- Land-based and Environment
- Media
- Performing Arts and Music
- Public and Uniformed Services
- Sport
- Training and Education

## Tables of Comparability

Three tables of comparability have been provided by UK NARIC. The first on pages 4-11 includes all Edexcel BTEC HNC and HND comparable qualifications from the EU member states, the second on pages 12-15 lists qualifications from the European Economic Area (EEA) countries and Turkey whilst the third table on pages 16-17 includes non-European comparable qualifications from Australia, the US and Canada.

The tables below list the country where a particular qualification(s) is offered in the first column whilst the second column indicates the overseas qualification titles. The comparable Edexcel levels (Edexcel BTEC HNC or Edexcel BTEC HND) are provided in the third and fourth columns. The levels relate in the third column to the HNC and HND titles specified on the previous National Qualifications Framework (NQF) and in the fourth column to the new titles proposed in accordance with the new Qualifications and Credit Framework (QCF).

The fifth column lists the comparable European Qualification Framework (EQF) levels. The sixth column identifies the qualifications which students should be able to access following completion of the HNC and HND qualifications. Completion of a HND may enable 2nd or 3rd year entry onto an academic Higher Education programme, subject to the discretion of the institution. The final column provides the occupational outcomes following the completion of the HNC and HND qualifications; these are indicated as either Technician / Supervisor or Higher Technician / Middle Management. The first part expresses the vocational outcome whilst the second provides an indication of the level of supervisory / managerial responsibilities a holder of the qualification may be expected to perform. Please note that level of managerial responsibility is provided as guidance. The responsibilities acquired upon completion of the qualification may vary depending on the work experience gained and the roles available in a particular sector.

All comparisons have been conducted using the UK NARIC methodology for evaluating overseas qualifications, an overview of the methodology used is provided below. Please note that the following comparability levels are provided as guidance, based on informed opinion.

## Appendices

There are two appendices which follow the tables. Appendix 1 on pages 18-21 contains sample Edexcel qualification certificates for the BTEC HNC and BTEC HND followed up their respective transcripts providing details on performance. Appendix 2 on page 22 provides a table demonstrating the guided learning hours and how these relate to credit allocations under the new QCF.

## Methodological Notes

UK NARIC is a member of the NARIC Network which is tasked by the European Commission to facilitate the recognition of overseas qualifications and education systems. The NARICs have been designated by the Ministries of Education in the respective

countries, but the status and the scope of work of individual NARICs may differ. The methodologies used by the NARIC centres are founded upon the key principles of the Lisbon Convention for the recognition of overseas qualifications and the Bologna Declaration<sup>1</sup>. It is important to note, however, that the methodologies used by the NARIC centres for qualification recognition may vary in their interpretation and application of evaluation criteria.

For the purposes of this project, all comparisons provided above are based on the UK NARIC methodology for evaluating overseas qualifications which has been developed in accordance with the core principles of credential evaluation set out in the Lisbon Convention. All comparability decisions are quality assured by engaging key stakeholders in the education sector and are subject to regular review. The methodology takes into account a number of factors including:

- Qualification structure
- Mode of learning
- Learning and occupational outcomes
- Assessment rigour
- Quality assurance
- Admission procedures

Where there is no immediate comparable qualification UK NARIC has provided the nearest comparable qualification(s) in terms of level. Please note that in some countries there are no comparable qualifications to either the Edexcel BTEC HNC or Edexcel BTEC HND. For further guidance on the methodology used to conduct this exercise, please contact UK NARIC.

---

<sup>1</sup> The Convention on the Recognition of Qualifications concerning Higher Education in the European Region was developed by the Council of Europe and UNESCO and adopted by national representatives in Lisbon on 11 April 1997. It sets out the key principles for the evaluation of overseas qualifications. The Lisbon Recognition Convention is an important instrument for the Bologna Process which aims at creating the "European higher education area" by making academic degree standards and quality assurance standards more comparable and compatible throughout Europe.

**Table of Comparability 1: Qualifications from EU Countries**

Country	Qualification Title	Comparability to Edexcel Qualifications (ECTS credits in brackets)		EQF Level	Educational Progression* (may allow for entry to year 2 or 3 of a Higher Level Programme)	Occupational outcome (Vocational outcome / level of managerial responsibility)**
		NQF titles (-2010)	QCF Titles (2011-)			
Austria	Meister / Meisterbrief	Edexcel BTEC Level 5 Higher National Certificate (60 ECTS)	Edexcel BTEC Level 4 HNC Diploma (60 ECTS)	4	Bachelor, Diplomstudium / Magister, Fachhochschuldiplom / Diplom	Technician / Supervisor
	Abschlusszeugnis from a Kolleg	Edexcel BTEC Level 5 Higher National Diploma (120 ECTS)	Edexcel BTEC Level 5 HND Diploma (120 ECTS)	5		Higher Technician / Assistant Manager /
	Diplom from post-secondary non-university institution	Edexcel BTEC Level 5 Higher National Diploma (120 ECTS)	Edexcel BTEC Level 5 HND Diploma (120 ECTS)	5		Higher Technician / Assistant Manager
Belgium	Gegradueerde and other one cycle non university HE programmes	Edexcel BTEC Level 5 Higher National Diploma (120 ECTS)	Edexcel BTEC Level 5 HND Diploma (120 ECTS)	5	Bachelor, Licencié and other two cycle diplomas	Higher Technician / Assistant Manager /
	Graduat and other one cycle non university HE programmes	Edexcel BTEC Level 5 Higher National Diploma (120 ECTS)	Edexcel BTEC Level 5 HND Diploma (120 ECTS)	5		Higher Technician / Assistant Manager /
Bulgaria	Diploma Specialist (3 year course in professional fields)	Edexcel BTEC Level 5 Higher National Certificate (60 ECTS)	Edexcel BTEC Level 4 HNC Diploma (60 ECTS)	4	Бакалавър (Bachelor degree), Profesionalen bakalavar (Professional Bachelor), Diploma za Zavarsheno Visshe Obrazovanie	Technician / Supervisor
Croatia	Vise Obrazovanje / Level VI/1 (first-level degree obtained on completion of a two- to three-year course)	Edexcel BTEC Level 5 Higher National Diploma (120 ECTS)	Edexcel BTEC Level 5 HND Diploma (120 ECTS)	5	Baccalaureus / Baccalaurea, Prvostupnik/Prvostupnica, (Bachelor Degree), Visoko Obrazovanja / Level VII/1 (second-level degree obtained on completion of a four- to six-year course)	Higher Technician / Assistant Manager
